
Connect to Eduroam – iPhone

Make connection to WiFi-EDUROAM:

The screenshot shows the iPhone WiFi settings. At the top, the 'Wifi' toggle is turned on. Below it, the 'VIBnet' network is selected with a blue checkmark. A section titled 'KIES EEN NETWERK...' (Choose a network...) contains a list of available networks. The 'WiFi-EDUROAM' network is highlighted with a red rectangular box. Other networks listed include 'WiFi-Guest' and 'WiFi-HQ'. At the bottom, the 'Vraag om verbinding' (Ask for connection) toggle is also turned on. Below this toggle is a small text box explaining that the phone will automatically connect to known networks, or ask for a new network if none are known.

Just fill in your credentials:

The screenshot shows the login screen for the 'WiFi-EDUROAM' network. At the top, it says 'Voer het wachtwoord voor 'WiFi-EDUROAM' in' (Enter the password for 'WiFi-EDUROAM'). Below this are three buttons: 'Annuleer' (Cancel), 'Wachtwoord' (Password), and 'Verbind' (Connect). The 'Wachtwoord' button is active. Below the buttons, there are two input fields. The first is labeled 'Gebruikersnaam' (Username) and contains the text 'firstname.lastname@vib.be'. The second is labeled 'Wachtwoord' (Password) and contains a series of black dots. Below the password field is a large, empty rectangular area.

Trust the certificate and you are connected to WiFi-EDUROAM:
